

JMC RECYCLING SYSTEMS

For all your metal recycling needs

The JMC 150 Shear

Designed as a low-cost answer to metal cleaning. An ordinary 13amp socket and suitable bench are all you need to put the 150 shear through its paces.

JMC RECYCLING SYSTEMS

For all your metal recycling needs

The JMC 150 Shear

VERSATILE

The JMC 150 Shear is ideal for all lighter metal shearing, but is powerful enough to tackle gun metal valves, bath taps, cable and other non-ferrous cleaning operations. The JMC150 shear is small enough to be moved easily around the yard.

EASY TO OPERATE

Opening and closing of the jaws is controlled from a movable foot pedal. The cutting blades return immediately to the open position once pressure on the foot pedal is released - thereby increasing operator safety. Single cuts, nibbling and cracking are all easy with the fine control available. Both hands remain free to manipulate the material being cut, and simple stroke adjustment facilitates material cropping.

COMPLETE

The JMC 150 shear comes complete with an operational and safety manual, cable and plug. It also carries a full 12 month parts warranty.

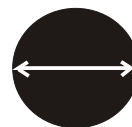

**Small, Efficient &
Cost Effective**

Technical Data

Machine Dimensions:	750 x 664 x 640mm (LxWxH)
Blade Length:	152mm / 6"
Tip to Tip opening:	112mm / 4.5"
Shearing Height:	326mm / 12.8"
Weight with Oil:	150kg
Oil Capacity:	22 Litres / 5 Gallon
Noise Level:	74 +/- 3dBa
Cut Control:	Single Cut
Standards Electrical Requirements:	13A / 1ph / 230v / 50Hz
Power Rating:	1.5kW / 2hp
Motor Speed:	1460 rpm
Max System Pressure:	172 Bar / 2500psi
Max Shear Force:	25 Tonnes
Fully Open Cut Speed:	8 dry cycle/per min
40% Stroke Cut Speed:	20 dry cycle/per min

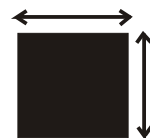

Cutting Capacity - Mild Steel

25mm (1")

Round bar

20mm (0.75")

Square bar
