## The Super Stripper 60

**Available as a Table Top Unit or with a Stand (Stand will be charged extra)**

The Super Stripper 60 is a small but effective stripper with the ability to cut from 1mm to 30mm cables.

Running at speeds of 26 metres per minute this tiny but tough machine is a bonus to any work place with a range of cables to strip.

Copper rates are high and it is a valuable commodity, therefore these machines can pay for themselves.
