

JMC RECYCLING SYSTEMS

For all your metal recycling needs

The Manta 54 Automatic Baler

- Bale at an average rate of 20 bales per hour
- Fully Automatic
- Remote Control Available
- Available as a Roll on Roll off or Static Baler
- Diesel or Electric Powered

The New Manta 54 Baler is a compact, mobile baler perfect for aluminium, copper and light steel into manageable size bales of approx. 500x450mm.

Easy to use - The two wings of the baler open out fully to allow the material to be fed in from both sides, speeding up the loading process. A bale out put door comes as standard for quick release of the bale.

Long Lasting - With hardox wear plates fitted in the bale box, this baler won't crack under the pressure.
